## WELCOME

***It is nearly summer and time for some “fun in the sun” with the Eau Claire Parks and Recreation Department!***

This edition of **PRIME TIMES** has lots of programs and activities to interest everyone in the family. **However, before you begin the registration process, please read the important information below regarding fees for all programs listed in our brochure.**

We are entering our third year as a “partner” with the Eau Claire Area School District (ECASD) in offering summer school programs to their students. Any youngster is eligible to register for these classes; however, Eau Claire Area School District residents will be paying a materials/supply fee only. **Non-school district residents must pay full price.** Both fees are listed for each summer school program. This partnership is a “win-win” for all concerned – giving families lots of options for recreation programs at very reasonable prices. Summer school offerings this year include: Tumbling and Apparatus, Cooking classes, Tennis lessons, Golf lessons, Adventure Kids Program, and Swim Lessons (including Lifeguard Training and our Adaptive Swim Program).

Our Department will also be offering additional recreation programming, such as baseball and soccer leagues, art classes, theatre programs, and pre-school activities. Eau Claire City Residents will pay the “resident” rate listed. All others must pay the “non-resident” rate, **even if you are an Eau Claire Area School District Resident.** These activities are supported through City property tax dollars, and have no connection to the summer school program funded in part by the School District.

We realize that this pricing issue can be confusing. If you have any questions about what you would owe for a particular program, please call our office at 839-5032. We would be happy to assist you.

I would like to remind you that the Fairfax Pool opens for the season on Saturday, June 3. Season passes are available now, don't miss the ***Early Bird*** sales. Remember you can **SAVE \$15.00** on that family pass if you purchase your pass by Saturday, May 20.

Enjoy your summer! I know we have something for everyone's **PRIME TIMES**.

Supt. of Recreation

Our instructors have found that their quality of instruction is affected by parent and/or sibling distractions and interruptions. If you would like your child's instructor to contact you, please call the Recreation Office.

### NON-CITY RESIDENT POLICY-

Department programs and activities that are not part of summer school offerings are supported by city property taxes. Non-city residents will be required to pay their "fair share" to support activities. The program fee for nonresidents will be double the resident fee or an additional \$10.00, whichever is less.

### YOUTH SCHOLARSHIP PROGRAM-

Area businesses and community groups in Eau Claire support our scholarship program for low income families. Any family that meets federal food stamp guidelines and is a city resident does qualify. Call the Recreation Office for application materials. If you would like to donate to our scholarship fund, please call the Recreation Office for information.

### AMERICANS WITH DISABILITIES

**ACT-** the Eau Claire Parks and Recreation Department intends to comply with the intent and spirit of the Americans with Disabilities Act. If you need any special accommodations, please call Mary Hanson at the Recreation Office (839-5032) so that the necessary arrangements can be made. **INTRODUCING....**

**ACTIVENET!**

ActiveNet is an update to our software program for Registrations, Facilities, Membership, and Point of Sale (POS).

This program is Internet-based, so all of the above (Registration, Facilities and Membership) can be done on the internet. The POS is a new way that we will process your dollars. Gone is the cash register and credit card machine. The POS allows us to do the same things, but each work station will have its own cash drawer, card striper, and buttoned screen to process more efficient and more effectively.

Starting with the Summer of 2006, we will be handling registrations on this new system. We will begin the Facility portion for pavilion reservations on October 1, 2006 for the 2007 summer season. We will also begin accepting field reservations and meeting rooms for 2007.

Registration for our classes is available on the internet – this upgrade is more user friendly than our current internet registration system.

You are welcome to take a look at

**<https://activenet2.active.com/eaucclair/>**.

The classes are not available for registration until April 17, but you can scroll through and see what we are offering for this summer. Pay special attention to our introductory page. This will let you know how to set up an account, with user I.D. and password.

You will use this information whenever you want to access your account. By clicking "My Account", you can access anything you have registered for, and print a receipt, change account information and much more.

The Eau Claire Horseshoe Club invites men, women, and juniors to join us for an inexpensive summer of competition, exercise and camaraderie. Members are placed in one of two leagues based on their pitching abilities. Additionally, all leagues are handicapped allowing all pitchers to be competitive. The season runs from early May through mid-August. Annual dues are only \$20. Club potluck meetings are held monthly during January-April in preparation for the upcoming season. # Thank You! Volunteers

In all of the activities that the Parks and Recreation Department has to offer, there are often many volunteers who work with our staff to make the program a success. Coaches of youth sport programs spend many hours in practice and coaching games, dedicating their time to the youth of Eau Claire. The quality of these programs and the benefits that the kids receive would not be as great, if it were not for these caring individuals.

To any volunteer whose name we may have missed, we sincerely apologize!
